

**Staff Report**

**Report number: DRAIN2019-10-14**

Prepared by: Emily Dance, Clerk

File Number: 1050 Drainage

Subject: Bruce Beach Drainage

Date: Oct. 21, 2019

**0 Attachments:**

**Recommendation:**

That the Township of Huron-Kinloss Council hereby approves Report Number DRAIN2019-10-14 prepared by Emily Dance, Clerk and authorizes Dietrich Engineering to proceed with detailed design, cost estimates and assessments.

**Background:**

Dietrich Engineering Limited was appointed by Council on November 19, 2018 under Section 4 (1)(c) of the Drainage Act to provide drainage works for Bruce Beach Road between Concession 8 road and Highland Drive and Lake Range Road between Lots 40 and 49.

At the February 11, 2019 Council meeting Dietrich Engineering Limited presented five conceptual designs and a general project plan. Staff was directed to post the recommended concepts on the "Have your Say HK" website for community input and authorized a soils investigation to determine suitability of infiltration at Highland Drive. On May 25, 2019 an Open House was held at the Point Clark Community Centre to exchange information and allow the Township and the Engineer to obtain information from the public in order to prepare a practical design solution for the drainage problems along Bruce Beach Road.

**Comments:**

Dietrich Engineering Limited has been compiling the information and will be making a presentation on the preliminary designs for the Bruce Beach Drain at tonight's meeting.

Following Council direction the information will be posted to the "Have your Say HK" website for community input and a meeting will be scheduled with the property owners to review the preliminary works tentative November/December, 2019.

In the New Year, the Engineer will prepare the final report based on feedback from the meeting where the preliminary work was discussed and the final report will be presented for Council consideration.

**Financial Impact/Budget Implications:**

As per the Drainage Act.

**Alignment to Sustainability Plan Goals and Directions:**

We are a prosperous community that continues to grow in a sustainable manner.
